YOUR FIRST GROUP RIDE

Meet your next riding buddy.

Before you head out, check the listing and ask the host:

1. Where and when does the ride start?
2. How far is it, and what pace and route should I expect?
3. What is the surface like? Are there hills or busy streets?
4. Where can the group stop or regroup?
5. What should I bring? Are there access, ride, or equipment requirements?

BEFORE, DURING, AFTER

BEFORE YOU ROLL

Do an ABC Quick Check. Bring water, a charged phone, and supplies that fit the route and weather. Arrive with time to find the group and introduce yourself.

DURING THE RIDE

Listen to the host's ride plan. Ride at a pace you can manage. Signal when safe; move only when clear. Call out hazards you notice and tell the host if you need a break or plan to leave.

AFTER THE RIDE

Thank your host. Save the group or ride page if you want to check for another outing.

Find your next ride at 3fp.org/ride.

Each ride is different. Confirm details and expectations with its host.
